Sultan-ul-Uloom College of Pharmacy has successfully completed **26 years** of academic excellence and is forging ahead in pursuit of multitudinous accomplishments. The focus has been on quality education and continuous improvisation. SUCP has continued to exhibit strong academic performance through the efforts of qualified faculty, trained supporting staff, need based capital investment on sophisticated lab equipment and above all the unflinching support by the Management of Sultan-ul-Uloom Education Society. The multidimensional efforts provide a strong momentum for a secure future in the competitive educational sector. Accordingly the following vision and mission statements were created that envisage our future goals and will be strictly adhered to.

VISION:

Sultan-ul-Uloom College of Pharmacy aspires to emerge as an internationally acclaimed institute of excellence imparting holistic pharmacy education along with innovative research, industry interface and patient care with a humane touch.

MISSION:

Our mission is to be an institute of academic excellence by nurturing outstanding pharmacists by:

- Ensuring high standards in imparting education by well qualified and experienced faculty, effectively integrating critical thinking, problem solving, team spirit and leadership skills, thereby promoting the academic, entrepreneurial and career growth of the students with ethical values and social commitment.
- Providing well equipped library to quench intellectual thirst and laboratories to foster scientific temper for cutting edge research in pharmaceutical and clinical sciences that translates into health care and caters to the needs of the society at large.
- Building a collaborative environment with pharmaceutical companies, academic, clinical and research organizations that values and rewards innovation, productivity and life-long learning.

COURSES:

B. Pharm (4 year course) with an intake of 100

M. Pharm (2 year course) **Five Specializations** with an intake of 15 each

- **Pharmaceutical Quality Assurance**
- **Pharmaceutical Chemistry**
- **Pharmacology**
- **Pharmaceutics**
- **Pharmacy Practice**

Pharm. D with an intake of 30

Pharm. D (PB) (Duration 3 years) with an intake of 10 (After completion of B. Pharm)

1. Teaching-Learning Process:

Teaching-Learning process is a dynamic activity that needs to be constantly upgraded, monitored and developed to face the current challenges effectively. The steps taken in this direction are:

- a) **Mentoring System** – Each class of B.Pharm is divided into 4 batches (2017-18 batch onwards with 100 intake) and each batch is assigned a faculty member as mentor who would periodically review and counsel the students in their academics, placements, participation in extracurricular activities and if required their personal problems too. Similarly one faculty member is assigned to each M.Pharm specialization and one faculty member for Pharm. D.
- b) **Feedback** – Feedback was collected from students in every semester and was recorded for further improvement and relevant suggestions are effectively implemented.
- c) **Frequent Staff Meetings** – Teaching staff meetings were held at least once in a month to review the progress of various activities.
- d) **Faculty Development & Recruitment** – New faculty members were recruited as Assistant Professors. Faculty are constantly encouraged to associate themselves with professional bodies and attend seminars, workshops, faculty development programs to update their knowledge about the latest developments and advances in the pharmaceutical field. It is pertinent to mention here that SUCP has **9 faculty members with Ph.D.**
- e) **Participation in Seminars / Workshops etc.** – Students under the guidance of faculty members are encouraged to participate in conferences, workshops etc., to broaden their intellectual horizons.

2. Modernization of Office & Laboratory activities:

- a) **Microsoft License software**
- b) **CliniRx Software** – for Pharmacy Practice
- c) **Lexicomp Software** – for Pharmacy Practice
- d) **ExPharm Software** – for simulated animal experiments
- e) **Brevity Solutions** - for students data

3. Strengthening the Library:

- a) **Internet Facility** – Provided to students in the library, computer room and M. Pharm computer room.

4. Laboratories:

Our laboratories are equipped with High Performance Liquid Chromatography (HPLC) and a new equipment “Neurostar Robotic Stereotaxic Apparatus” is purchased at a cost of Euro 17,000/- with funding from AICTE MODROB scheme.

FREQUENCY OF GC MEETINGS: Total number of meetings in 2023-24

One GC Meeting was held in 2023-24.

OUTLOOK

The efforts in the last few years in reducing the cost, improving the Teaching and Academic quality and providing excellent facilities to the students have paid us rich dividends in the form of Excellent results. The important aspect is that there has been sustained commitment by all in achieving these goals than ever before.

We now have a platform to unleash the full potential of strengths and capabilities of our team. We need to take our rightful place as a **Role model** and be counted as an example amongst all affiliated colleges of JNTUH.

FUTURE: VISION 2024-2025

The all-round development for over one and half decade is indication of all the right ingredients for a grand takeoff. We have the required quality inputs, high scientific talent, and adequate experienced technological advice.

We are in the process of consolidation and have enormous potential and the cutting edge in choosing areas of research and project work.

The results have been encouraging and are the indicators of the achievements of the College. In fact, the tangible impact of teaching; *"Feel Good and Perform Good"* factor continues to generate great enthusiasm in both the students & the faculty resulting in sustained excellent results.

The College is continuously striving hard to improve the Operational & Educational Efficiency in terms of further improvement in results. The results have been both encouraging and sustained.

We do hope that we will be able to realize this potential to fulfill our ambitions programmes and move forward for a vibrant and robust future.
